

Guess what...? Being Natural is a Luxe...

The Kipepeo Lodge welcomes You

You can now Take the Luxury of Being Natural.

As You can see, we are on the Southeast coast of Zanzibar, close to a typical African village, Jambiani.

With the Indian Ocean in front of us, we believe to have created the lodge with love and fantasy. We usually welcome dreamers and travellers like You, who look for an exclusive solution to spend some time in a private paradise.

We feel that The Kipepeo Lodge is the perfect place to find total relaxation and real interior peace. But, above all, we wanted it to represent a different

Life Style, far from the crowds, close to real people and to stunning nature.

In a word: Intimate, even for one night only...
